## **Cholesterol Complete**

### **We Guarantee Your Total Cholesterol Level Drops 40 Points In 40 Days. Or Your Money Back!**

If you're serious about achieving normal cholesterol, then you have nothing to lose by trying our **Cholesterol Complete**. We guarantee you'll see a 40 point drop in your total cholesterol levels in 40 days...our we'll give you a full product refund.

You won't find pharmaceutical companies making this kind of offer for their expensive, cholesterol lowering statin drugs. But they should -- you could pay over \$300 for 90 dosages of one of the most commonly prescribed statin drugs! Many of these medications come with awful side effects. And they don't help raise your good cholesterol.

But **Cholesterol Complete** delivers normal cholesterol levels in an all-natural formula of 10 proven ingredients that reduce "bad" LDL cholesterol, boost "good" HDL cholesterol, and lower triglycerides.

#### **Attaining Healthier Cholesterol is Now Easier than Ever**

Our proprietary blend uses these ingredients in the right dosages to maximize positive effects on your cholesterol numbers.

And you can get these results for as low as \$17.95 a month. For a year that works out to only 58 cents a day for 2 capsules -- you'd spend over double for a cup of coffee.

---

#### **Proven Formula Guaranteed to Lower Cholesterol Naturally**

- Boosts "Good" HDL Cholesterol
  - **Lowers "Bad" LDL Cholesterol**
  - Reduces Triglyceride Levels
  - **Achieve Normal Cholesterol Levels in 40 Days or Less**
  - Avoid the Bad Side Effects and High Costs of Prescription Drugs
  - **Try Cholesterol Complete RISK FREE for 90 days**
-

So instead of dreading the next time your doctor asks you to do a cholesterol test, feel confident you're taking action now to achieve life long heart health.

You'll find complete information here on how Cholesterol Complete's ingredients help:

- Sweep your arteries clean of bad LDL cholesterol
- Block the oxidation of LDL, reducing dangerous free radicals that can damage heart cells
- Process LDL through your liver more efficiently
- Reduce high amounts of triglycerides – a fatty substance that can flow in your blood causing it to thicken and elevates your chances of heart attack or stroke

Sure, in an ideal world you would get enough exercise and always eat the right foods. But the reality is you don't always have the time. Give your body a head start by adding Cholesterol Complete. Just two capsules daily and you're on your way to healthier cholesterol levels.
